Community Service Hours Program Approval/Liability Waiver

I understand that beginning June 1, 2017 and thereafter, Stillman Valley High School District 223 students shall be encouraged to complete 40 or more hours of optional community service during their high school careers. The Class of 2017 will need 20 or more hours of community service in order to receive recognition at their graduation ceremony. The Class of 2018 will need 30 or more hours of community service in order to receive recognition at their graduation ceremony. The Class of 2019 and all subsequent classes will need 40 or more hours of community service in order to receive recognition at their graduation ceremony. Students are encouraged to complete 10 hours of community service or more per year of high school enrollment, but it is not required.

Stillman Valley High School District 223 defines community service as follows: activities which benefit a school, non-for-profit entity which serves the community or individual in need. Students may not earn community service credit for activities for which they are paid or which directly benefit a family member. Community service activities should take place during non-school hours; however, service hours completed during school hours may be approved by an applicable faculty or staff member.

I understand that I, the parent or guardian, am responsible for the arrangement of transportation for my student to and from the community service site and that Stillman Valley High School District 223 assumes no responsibility or liability with respect to the conduct or safety of my student's involvement in community service activities.
