

Meridian Athletic Booster Club

The Mission of the Meridian Athletic Boosters is to promote participation in sport activities at Stillman Valley High School and to make these activities available and attractive to both boys and girls. The Athletic Boosters strive to achieve this objective by promoting the purchase of equipment and upgrading, renovating, and maintaining athletic facilities. Through fund raising and donations the Athletic Booster are able to assist the athletic department in the cost of these projects. The end goal is to foster, expand, and facilitate interest in all school sponsored sports activities and encourage the spirit of good sportsmanship and fellowship.

What our Coaches had to say:

Coach Melanie Lichty: ***“The most recent items that the boosters provided for the Poms were both a video camera set up and a professional sound system for use at practices. Both of these items have been well utilized and most appreciated by our team.”***

Coach Heather Alderks: ***“I want to thank the boosters for their constant and continuous support of our student-athletes and athletic programs at SVHS. We are unique and fortunate to have a student-centered organization that goes above and beyond to support all sports like our booster club. Thank you for helping the student-athlete experience at SVHS a positive one!”***

Coach Scott Wilhite: ***“The Booster Club has been a tremendous supporter of the Baseball program. We have the best facilities in the area thanks to their generosity. We are very appreciative of their hard work for baseball and all of the athletes in the district.”***

Coach Mike Lalor: ***“I cannot thank the boosters enough for the support they have given the football program throughout the years. The boosters have helped to provide our players with the necessary means to have successful and positive experiences in our program. The football program would like to thank the committed, dedicated, and supportive people of the booster club that have given of their time and effort and truly have the best interest of our kids at heart.”***

Coach Shawn Byers: ***“Since becoming the softball coach 12 years ago the Booster Club has supported the program by paying for the construction of dugouts, many equipment needs from bats (which are \$300.00 apiece), to pitching machines (\$2000.00). The Booster Club at SVHS supports all athletes and coaches at all levels. Please come and help support your Stillman Valley Booster Club!***

The items purchased for the various groups were requested by the coaches and approved by the Athletic Director. It is important to remember that all sports are not in need of the same monetary value of equipment and facilities.

Booster meetings are held the 3rd Monday of each month at 7:00 at Stillman Valley High School. Join us for our next meeting.
